

Biswas Pandit

.NET DEVELOPER

9865374729

biswaspandit1@gmail.com

As a dedicated .NET developer, I possess a strong foundation in Asp.net MVC, and .NET Core. I am committed to producing high-quality clean code aligned with design principles. With the solid foundation in these technologies i am eager to contribute effectively to projects, learn and grow within the team environment. I've also worked on AI-based software, including apps that incorporate machine learning and data processing.

Skills

- **Programming Languages**

Experience : C#, ASP.NET Core, HTML, CSS, JavaScript

Familiar with : Flutter, Python, Java, WordPress

- **Software & Technologies**

Microsoft Packages : Word, Excel, PowerPoint

Education

PLUS TWO - SCIENCE

St. Xavier's College

NEB

BACHELOR'S DEGREE IN COMPUTER ENGINEERING

Himalaya College of Engineering

Tribhuvan University

Relevant coursework. : Programming Language(C/C++), Data structures and Algorithms, Software Engineering, Database Management System, Artificial Intelligence

Project

HUMAN ACTIVITY RECOGNITION USING CONV-LSTM

Major Project

- Developed an AI-based web application capable of analyzing videos and accurately predicating human activities.
- Implemented advanced machine learning algorithm to process video data, enabling activity recognition with high precision and accuracy.
- Skills Used:
Python

BOOK RECOMMENDATION APP

Minor Project

- An innovative library application designed to enhance the student experience by recommending relevant books based on their faculty and semester.
- Skills Used:
Flutter, Django
